

Specialty Pharmacy Program and Cost Savings

GUIDE FOR MEMBERS

Welcome to the CerpasRx Family

Our Specialty Pharmacy Program will help you seamlessly obtain your specialty medications at an affordable price. Our expertise in specialty disease states and medications will ensure you stay informed and educated on your condition for the best possible outcome.

The CerpasRx Specialty Pharmacy Program

STEP 1

Your prescriber refers your specialty prescription to the CerpasRx Specialty Pharmacy Program.

STEP 2

Our patient care coordinators will contact you and your doctor to start the enrollment process.

STEP 3

Our patient care team will investigate copay and other assistance options and contact you and your doctor with our findings.

STEP 4

Our specialty pharmacy provider will contact you to discuss any questions you may have and schedule your first medication delivery.

STEP 5

The medication is delivered to your home, provider's office or infusion center so that you can start therapy as prescribed.

STEP 6

Our patient care coordinators will keep in touch with you to determine how your therapy is going and address any concerns or side effects of medication.
