

Overture Health Care

Now is your chance to Join!

Building Trades Welfare Fund is pleased to announce an exciting new Population Health Management program. We would like to invite you, eligible spouse, and your eligible dependents over 18 years to take advantage of this service that is included in your existing benefit package. The Overture Health Care Program is designed to help individuals who have been identified or at risk for asthma, pre-diabetes, diabetes, high blood pressure, and or high cholesterol to achieve better health and overall improved quality of life

This program is a free service to you and your eligible plan members over the age of 18. Participation is voluntary and confidential; your personal health information will never be released to anyone outside your health care team.

You will soon be receiving additional important information electronically from Overture Health Care about this transition. Overture Health Care will provide you with the tools to schedule appointments, speak with your care manager, view recent labs, and receive push notifications directly from your smart phone or computer. Please update your contact information with your Overture Health Care at your earliest convenience to ensure you don't miss any updates.

If you have any questions regarding The Overture Health Care Program provided by Building Trades Welfare Fund, please contact a care specialist at member.services@overturehealthcare.net

We look forward to helping you and your family live and be your healthiest!
